

GIDEON BRASIL

JUNIOR DEVELOPER

✉ gideon.s.brasil@gmail.com ☎ 5874335172 in gideonbrasil/ 🌐 GideonBrasil

Summary

Junior Developer, with a diverse background in engineering, IT project management, economics and consulting. I built my first PC from scratch at age 13 and have been fascinated with technology ever since. I have a passion for understanding exactly what the client needs in order to solve their problems. I am particularly interested in databases, how data is stored and turning data into relevant information.

Projects

EverythingCalgary

An information app for the city of Calgary that allows users to visualize what is happening in their community or in the city as a whole. The app comes to life using Alexa and real-time updates on all the services used.

Stack: JavaScript/Node.js, SocrataAPI, GoogleMapsAPI, SQL, AWS, Docker, Alexa, Express, React, HTML5, SASS/CSS3/Bootstrap

Resource Wall

Resource Wall is a Pinterest for learners. It brings you links to all sorts of learning resources in one place, allowing you to like, comment and rate resources.

Stack: JavaScript/EJS, jQuery/AJAX, Express, PostgreSQL, HTML5, SASS/CSS3/Bootstrap

ChattyAPP

Chatty App allows users to communicate in real time without having to register accounts.

Stack: JavaScript, Express, React, WebSockets, HTML5, SASS/CSS3

Tweeter

A single page application clone of Twitter that allows users to create/view tweets.

Stack: JavaScript/EJS, jQuery/AJAX, Express, MongoDB, HTML5, Bootstrap/CSS
